Roger Fricker,
Manager International Sales

盖氏®中国向您发出邀请, 我们正在招聘:

全国培训教育经理-National T&E Manager

所在部门: 培训教育部

工作地点: 北京

工作职责

- > Interact with HQ to organize required number of international speakers to visit China for conference lectures & own organized roadshows.
- > Establish and continuously improve a suitable course program system and conduct external scientific activities (i.e. hands-on workshop, COE event) Develop a yearly course program with different courses targeting public & private hospitals, DSOs, Universities, regional differences in know-how level of dentists, competition situation etc.
- > Establish and optimize the product related training system for internal (staff / distributors) & external (HCPs and Dental consultants) stakeholders. Provide training materials for internal users.
- > Establish and keep good relationships with KOLs. Develop and maintain a local speaker pool to support our courses.
- > Frequent interaction with other departments (particularly Sales and Marketing) to understand market needs, competition situation and education program trends. Constantly monitor and adjust training programs.
- > Cooperate with other departments (particularly Sales and Foundation) or provide necessary support on scientific meetings / activities (i.e. hands-on workshop, COE event, lunch & learn)
- > Frequent interaction with HQ T&E department to align global education strategy with China specific requirements
- > As the department manager, make T&E strategy and budget, team management and talent development.
- > Complete other tasks assigned by Line Manager

任职要求

- > University degree with related subjects
- > Good in English, good communication skills (written and verbal)
- > At least 10 years of work experience in Dental/healthcare, at least 5 years working experience in training/education and at least 5 years team management experience
- > Positive working attitudes and strong sense of responsibility; accurate and meticulous work ability; strong affinity; strong team work spirit
